

include/toposens_driver
/serial.h

```
graph TD; A["include/toposens_driver/serial.h"] --> B["terminios.h"]; A --> C["sstream"];
```

The diagram illustrates a C++ header file's dependencies. A central box at the top represents the header file `include/toposens_driver/serial.h`. Two blue arrows originate from the bottom of this box, pointing downwards to two separate boxes below. The left box contains the text `terminios.h`, and the right box contains the text `sstream`. This visualizes the `#include` statements within `serial.h`.

terminios.h
